INDEX

Abbot, C. G., 101-106
Affectability of subjects, 163
Agents
  in card-guessing tests, 83-100
  in drawings tests, 32
  "idea" of, 45
  role of, 45
American Psychological Association, 2
American Society for Psychical Research, 144
Analysis of variance method, 52
Animals
  as subjects, 51, 166-76, 297-98
  possessing psi capacity, 53-54
Apparitions, 63, 65, 144, 254, 293-95
Apparitions and Haunted Houses, 294-95
Aristotle, 145
Association theory, 68
Attitude; *see also* "Goats"; Inhibition; Interest Inventory; Motivation; "Sheep"
  of Soviet scientists toward parapsychology, 208-24
  of subjects, 11-22, 23-31, 38-46, 60-62, 97-98, 184, 189, 191, 197-207, 250
Automatisms, 98
Auto-psychic experience, 57-59, 258

Baird, A. T., 295
Bechterev, W., 166-76, 297
Behaviorism, 215-16, 219
Bendit, L. J., 70, 144, 258
Bennett, Sir Ernest, 294-95
Bernreuter Personality Inventory, 165
Biased dice, use of, 191-96
Biased dice, hypothesis, 5, 11
Biology, relation of, to psi phenomena, 53-54, 70
Birge, W. R., 7, 137, 197-207
Black magic, 53
Blind subjects, 230-32, 237-39, 241-43
Blocking in ESP, 55
Borel, Prof., 94
Brain lesions, effect of, on psi capacity, 147
Brittain, Mrs. A., 99
Broad, C. D., 81, 94, 294
Brown, W., 144
Brugmans, H. J. F. W., 147
Burlingham, D. T., 256

Card-matching problem, 5
Carington, W., 8, 68, 88
Casebook for Survival, 295
Chance hypothesis, 10, 25, 202
Change of call in ESP tests, 225-46
Charcot, 249
Christian Scientists, 53
Clairvoyance
  in card-guessing tests, 83-96, 101-06, 151-65, 229-46, 263-73, 274-91
  in drawings tests, 32, 36-46, 274-91
  exclusion of, 92-97
  in game experiment, 197-207
  isolation of, 143
  in machine testing, 111-12, 177-85
  precognitive and retrocognitive, 93
  in "sheep and goat" tests, 23-31
  spontaneous, 61, 63, 64
  studied by psychiatrists, 250-51
Clark, C. C., 9
Classroom experiments, 29-31, 41-43, 151-65
Codes
  in ESP machine, 108, 110-14, 119
  in test of pure telepathy, 93-98
Color, perception of, 132
Conditions affecting psi in tests; *see* Attitude
Contingency table, 52
Conviction of ESP, 55
Crookes, W., 65

Darnell, R. C., 3
Decline in scoring, 9-11, 19, 52, 64-65, 89, 102, 180, 197, 263, 268-73
Delusions, 62, 145, 247, 258
Dermographia, 149
Deutsch, H., 256-57
Dice experiments, 10, 186-96
Disguising of ESP impressions, 56
Dispersal hypothesis, 234-39
Displacement, 83-88, 96, 101-06, 155, 159-60, 200, 204-06, 226-28, 233-38
Distance test of GESP with drawings, 122-34
Distribution of scores; 9-22, 85-100, 104-06, 120-21, 137-38, 153-63, 177-78, 181-83, 188-96, 200-05, 266-72; *see also* Position effects
  for expansive and compressive subjects, 43-45, 274-91
  in Gibson Machine Series, 19
  horizontal, 19-20
  in midrange and extreme subjects, 278-90
  quarter, 11-12, 43-44
  vertical, 19-20
Doubles, variation in calling of, 238-45

Dowsing, 217-18, 257
Dramatization, 55-56
Drawings; *see also* Expansion-compression
  analysis of form qualities in, 31-47, 157, 274-91
  free response technique in, 32-33
  mode of, as related to ESP, 31-47
  in reciprocal distance test, 122-34
Dreams, 55-56, 293-95
  prophetic, 63, 252
  studied by psychiatrists, 147, 251-59
  telepathic, 251-56
  veridical, 144, 217
Drugs, effect of, on scoring, 98
Dualism, 60-62, 149, 216, 219-20
DUROW, W., 166-76

Educational Records Bureau, 180
EHRENWALD, J., 56-59, 70, 144, 146, 258-60
EINSTEIN, A., 50
EISENBUD, J., 144, 247-62
Electroencephalography, 147
ELKISCH, P., 33
ELLIOTSON, 143
ELLIS, A., 259
Epiphenomenalism, 59
Error hypothesis, 11, 116, 177-78
Errors by subjects, 181, 183-84
ESDAILE, 143
ESP (extrasensory perception); *see also* Psi
  disguising of, 56
  dispersed, 234-39
  inexplicability of, 218-19
  performance curves in tests of, 9-22
  similarity of, to more familiar psychological functions, 13-16, 219
  similarity of, to PK, 13
  unconsciousness of, 54-56, 245
ESTABROOKS, G. A., 9
Expansion-compression criterion, 31-47, 157, 164-65, 274-91
Experimental situation in psychical research, 79-100
Experiments
  design of, 21, 52
  improvement in, 67
  need for repeatability in, 4, 49-50, 65, 67, 81
  neurological methods in, 147-48
  precautions in, 24, 154, 198-99
  using hypnosis, 249-50
  using machines, 107-17, 118-21, 177-85
  with dogs as subjects, 166-76
Experimenter, using himself as subject, 101-06, 122-34, 263-73
Extrasensory Perception, 92, 139
Extrasensory Perception After Sixty Years, 139

Financial support for parapsychology, 68-69, 75-78
FODOR, N., 144, 257-59
FOSTER, E. (BOND), 226
FRENCH, C., 297-98
FREUD, S., 143, 145, 247, 251-56

Game experiment, 197-207
GARRETT, E., 99
GEORGE, R. W., 68
GESP tests, 185
  with cards, 155, 164
  at a distance, 178-85
  with drawings, 32, 37-46
  use of IBM machine in, 178-85
Gestalt psychologists, 13
Ghosts and Apparitions, 294
GIBERT, 248-49
GIBSON, E. P., 9
Gibson Machine Series, 19
Glossary of terms, 72-74, 140-42, 212-14, 299-301
"Goats" in ESP tests, 23-31, 184, 250
GOLDNEY, K. M., 83, 96, 99
GREENWOOD, J. A., 8, 51-52
Greville method, 157, 182-83
GREVILLE, T. N. E., 4-8, 68, 137-38, 157, 180, 182-83, 226
GURNEY, E., 100

Harvard Society for Parapsychology, 177
Haunting, 63, 65, 294
HERON, W. T., 118-21
Hetero-psychic experience, 57-59, 258
HOLLOS, I., 257-58
Human Experiences, 293
HUMPHREY, B. M., 9, 10, 31-47, 67, 75, 129, 138, 145, 151-65, 260, 274-91
Hypnosis, 98, 143, 249-50
HYSLOP, G. H., 260
Hysterical patients, 249

IBM machine, use of, in ESP research, 177-85
Inclines in scoring, 19, 146, 181-82, 201
Inhibition of psi process, 20, 21, 25, 26, 28, 32, 33, 35, 48, 69, 86, 98, 99, 132, 206, 263, 268-69, 272-73
Intelligence tests, 26
Interest inventory, as related to ESP, 151-65, 274-91
Interpretation of Dreams, The, 251

JANET, P., 143, 248-51
JENSEN, A., 122-34
JEPHSON, I., 9
JOAD, C. E. M., 57
Judges in drawings tests, 39
JUNG, C. G., 144

KAHN, S. D., 177-85
KANT, I., 80
KENNEDY, J. L., 107
KNOWLES, E. A. G., 186-96
KÖCK, F., 146, 251

Lag effect, 88
Léonie, 249-50
LEWIN, K., 68
LODGE, O., 100, 294
LYTTELTON, E., 293-95

MCCONNELL, R. A., 48-50, 68
MCDOUGALL, W., 13, 144, 216
Machines, use of, in ESP testing, 107-17, 118-21, 177-85
MCMAHAN, E., 42, 93, 129, 152-53, 277
MALONE, T. P., 153
MARTIN, D. R., 9, 68, 226
Marxism, and parapsychology, 208-11
Maslow Security-Insecurity Test, 290
Matching methods
  multiple, 7-8, 137
  preferential, 7-8, 33, 129
Matching theory, 4
Materialistic monism, 59
Mathematics, association of, with parapsychology, 4
Mediumship
  as evidence of telepathy, 64
  mathematical evaluation of, 7
  physical phenomena of, 53, 65-66
  statements of, 7, 254
MESMER, F., 143
Midrange-extreme rating, 274-90
MILTON, J., 105
Mind-body relationship, 57-59, 222
"Minus theory," 258-59
MITCHELL, T. W., 144
Monitions and Premonitions, 293
Mood, effect of, 40-41, 46, 102-06, 268-69, 289; *see also* Expansion-compression
Motivation in psi tests, 16-18, 21, 23-31, 48, 87, 97-100, 119, 122-24, 132-34
Multiple regression technique, 52
MUNROE, R., 26-27
MURPHY, G., 3, 62-71
MYERS, F. W. H., 99-100
Mystery of Dreams, 295

NASH, C. B., 53-54
Negativism in subjects, 25-26
NEISSER, U., 177-85
New Frontiers of the Mind, 101
New Introductory Lectures on Psychoanalysis, 256
Noted Witnesses for Psychic Occurrences, 293

One Hundred Cases for Survival after Death, 295
OSTY, E., 255

P, agreement on use of, 138-39
Parapsychology
  definition of, 217-18
  as related to general psychology, 215-24
  as related to Marxian materialism, 208-11
  place of, among the sciences, 62-70
  as related to psychiatry, 143-50, 247-62
PEDERSON-KRAG, G., 144, 259
PEERBOLTE, M., 257
Performance curves, 9-23, 266; *see also* Position effects
  bearing of, upon future research, 21-22
  individual differences in, 18
  psychological explanation of, 19-22
  relationship of, to those of more familiar functions, 13-16
Personality characteristics
  abnormal, 143-50, 258
  comparison of dynamics in, 68
  as a guide to understanding position effects, 45
  possible correlation of, with expansion-compression ratings, 45-46
  as related to psi abilities, 18-19; *see also* Attitude; Expansion-compression; Interest inventory; Maslow Security-Insecurity Test; Rorschach test
  of sensitives, 260
Personality of Man, 82
Personnel of parapsychology, 68-69, 75-76, 81
Physics, as related to psi phenomena, 48-51
Physiology, as related to psi phenomena, 53-54
PIPER, MRS., 64
PK (psychokinesis); *see also*, Psi
  computation of probabilities in tests of, 5-6
  control of motor functioning in, 59
  definition of, 47
  design of experiments in, 21
  dice experiments in, 186-96
  inexplicability of, 218-19
